RE. Docket No. 99F-2673

November 29, 2000

To Whom it May Concern:

In my docket's response dated 11/27/00, I stated: "I strongly urge that the FDA change its ruling which exempts sprouts grown from irradiated seed from irradiation labeling requirements. If necessary, I would like to request a hearing to discuss further my reasons for making this request."

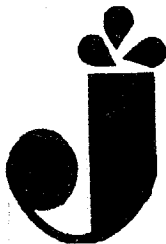

I would like to clarify my request for a hearing. If the FDA decides to maintain its ruling exempting sprouts grown from irradiated seed from any special labeling requirements, then I wish to have a hearing with the appropriate FDA representatives to discuss this decision. If the FDA changes this ruling, and requires sprouts grown from irradiated seed to be labeled indicating that this process has taken place, then I do not wish to have a hearing, since my main objective will have been accomplished.

Sincerely,

Robert Sanderson
President
